ENTITY CONTEXT

High
High

One external public-source signal was retained and may be relevant to claim credibility, subject to.

TOP RISK DRIVERS

#	CLAIM AREA	FLAGGED WORDING	SOURCE
1	Climate-neutrality or offsetting claim High	carbon neutral	www.puratos.com
2	Sustainability label / certification claim High	certified sustainable	Puratos 2025 Sustainability GRI Report.pdf
3	Generic environmental claim High	more sustainable	www.puratos.com

MOST MATERIAL FINDING

Climate-neutrality or offsetting claim

High

Source: www.puratos.com

Puratos marks major sustainability milestone with carbon neutral operations.

WHY IT MATTERS

The wording may imply complete neutrality without making the emissions boundary, residual emissions and role of offsets clear.

EVIDENCE GAP

scope of emissions; baseline; methodology; residual emissions and offset use

RECOMMENDED WORDING Avoid product-level neutrality wording based on offsets. Separate actual emissions reductions from offsets and disclose scopes, baseline, methodology, residual emissions and progress.

COVERAGE

2 page(s) across 1 domain(s)
https://www.puratos.com

CONFIDENCE

Medium
At least the main company page was reviewed. External public-source search returned several results. Claim-level signals were detected.

REGULATORY LENS

EmpCo / Directive (EU) 2024/825 for consumer-facing environmental and selected social claims; EU Forced Labour Regulation for forced-labour and supply-chain wording.

ADDITIONAL PRIORITY CLAIMS

Sustainability label / certification claim

High

Source: Puratos 2025 Sustainability GRI Report.pdf

While reducing our own emissions is our primary goal, we are also committed to taking proactive steps to remove carbon from the atmosphere. That is why we have chosen to plant trees in our value chain, particularly through Cacao-Trace, our own **certified sustainable** cocoa sourcing program.

WHY IT MATTERS

The wording may be understood as an independent sustainability certification.

EVIDENCE GAP

scheme owner; criteria; independent verifier; scope and validity period

RECOMMENDED WORDING Name the scheme owner, criteria, independence, audit basis, scope and validity period. Remove self-declared labels or clarify them as non-certification claims.

Generic environmental claim

High

Source: www.puratos.com

With our innovative bakery solutions, we support you in creating nutritious and **more sustainable** breads that deliver mouth-watering taste and texture to your consumers.

WHY IT MATTERS

The comparative benefit and environmental attribute are not clear from the wording alone.

EVIDENCE GAP

specific environmental attribute; comparison baseline; method; product scope and period

RECOMMENDED WORDING Specify the exact attribute, product or material scope, baseline, method, evidence, reporting period and limitations.

EXTERNAL PUBLIC-SOURCE SIGNALS

Contextual public-source signals only. Their status, entity link and relevance to a specific claim require manual verification.

Regulator reviews environmental marketing claims by the company

Investigation / regulatory review

The authority opened a review into whether selected environmental claims provided consumers with sufficiently clear and substantiated information.

PRIORITY ACTIONS

- 1 Review client-facing green claims under EmpCo**
Review the exact consumer-facing environmental wording used by Puratos. Confirm scope, product coverage, methodology, evidence, verification basis and limitations before reuse.
- 2 Substantiate high-priority social claims**
For retained social claims, document stakeholder scope, KPIs, audit or workforce evidence, grievance and remedy arrangements, and clear limitations.
- 3 Build a claim evidence file**
Create one evidence file per priority claim, including approved wording, source, owner, evidence link, review status, approval date and next review deadline.
